

RECOMMENDATIONS  
OF THE ROUND TABLE ON THE FREE  
MOVEMENT OF PEOPLE AND  
GOODS IN NANA GRIBIZI

KAGA BANDORO, FRIDAY JUNE 14,  
2019

PREAMBLE

Since the beginning of the crisis in CAR, the Nana Gribizi prefecture has been faced with issues surrounding the free movement of people and goods. This situation has had the effect of reducing the population's freedom in their activities. It is therefore essential to seek ways and means to remedy this. The local authorities, supported by MINUSCA, have set up a framework for mediation, bringing together the main parties to find lasting solutions. It is with this in mind that grassroots consultations were organized across all the municipalities of the prefecture from December 2018 until February 2019, bringing together all sectors of the population.

Following the consultations, a round table was held from June 12 to 14, 2019 in the Kaga Bandoro sub-prefecture. The following were present :

- Representatives of ex-Seleka (FPRC, MPC and Seleka Renovée),
- Representatives of the Anti-balaka (Mokom wing and Ngaïssona wing),
- Senior officers of the FACA detachment,
- Representatives of civil society from Kaga Bandoro and Mbres (religious leaders of the Muslim and Christian communities, representatives of OFCA, and female leaders),
- The prefectoral authorities of Kaga Bandoro and Mbres.

Following the round table and under the facilitation of the Prefect, the participants made recommendations in six (6) points.

#### I. Free movement of people and goods

1. The participants recommend that free movement on both sides be a reality in the city of Kaga Bandoro,
2. MINUSCA-FACA patrols must be carried out regularly on the Kaga Bandoro-Ndomete-Mbres axis to reassure the populations,
3. The effective establishment of USMS as soon as possible, to secure the movement of goods and people,
4. While awaiting the establishment of the USMS, the armed groups undertake to respect the free movement of humanitarian organizations on the axes.

#### II. Illegal blockades

5. The removal of all illegal blockades in Nana Gribizi.

#### III. Cohabitation and cooperation between the Regular Forces (FACA / FSI) and armed groups

6. Participants suggested working in the spirit of the APPR-RCA.

#### IV. Violence against women

7. The dismantling of illegal blockades that are currently enabling racketeering,
8. The return of the criminal justice system to carry out legal proceedings against the alleged perpetrators of sexual violence,
9. Government involvement in protecting the rights of women.

#### V. The upsurge in robberies

10. The leaders of the armed groups (XSLK and ABLK), the FACA, and MINUSCA must work together to prevent robberies,

11. All disputes concerning the confiscation of property, including vehicles, must be settled at the level of the MINUSCA Police, pending the deployment of the ISF.

VI. Management of transhumance

12. The rapid establishment of the USMS to secure the transhumance corridors, as provided for by the APPR-RCA,
13. The use of drones by MINUSCA to collect information relating to the movements of transhumans and transmission of this information to the Technical Security Committee (CTS),
14. Respect for transhumance corridors by breeders,
15. Avoiding cultivating along the transhumance corridors,
16. Respect for breeders' cattle by local populations and leading the fight against cattle thieves.
